## HIGH SKILL VISUAL AERIAL ACTS

I am a seasoned circus performer based in Grenoble, FRANCE, with over a decade of experience.

My specialty ? **Visual aerial acts ! Including CLOUDSWING and SILKS.**

I have partnered with numerous productions to craft mesmerizing performances. Known for my **Air Hostess character** and my **genuine stage presence**, what I like to do is pushing the boundaries of artistic expression and empowerment through my work. All of this with stunning costumes, storylines and entertaining concepts.

Beyond my acts, I get inspired from deep connections with people (hey you!) and firmly believe in the transformative power of performance. I am dedicated to using my passion as a way to unite and spark meaningful conversations (that I can't wait to have with you). Engaged in large-scale shows and events, **I give my heart on stage.**

My wish is to contribute to the evolution and enrichment of the performing arts community, aiming to leave a lasting impact on audiences' daily lives.

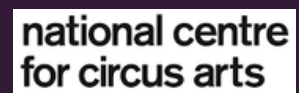

PS : And I prefer to warn you...I LOVE to tell stories (in real life and on stage), having philosophical conversations and I am a big fan of wordplays and jokes... That's why I like to call my work "Heartistic" ! ;)
